## SUMMARY

A published songwriter, career composer, internationally-touring performer, Berlin music venue owner, and producing audio engineer // Expertise in music technology, entertainment business, concert promotion, graphic design, and web development // An experienced high school teacher and tutor with a strong academic background in music and science

## PROJECTS AND WORK HISTORY

GSBTB Open Music Lab (01/06/2016 – present)

Instructor and Curriculum Director

- Created curriculum in music technology from scratch
- Promoted workshop series on social media to Berlin immigrant communities
- Facilitated workshops and provided one-on-one tutoring sessions in music production

Freelance (01/01/2012 -- present)

Composer for Film and Video

- Composed music for high-profile projects including *Veronica Mars* (2014, Warner Bros.)
- Other clients included Planned Parenthood, SEIU, and Museum Folkswang in Essen, DE
- In addition to music, provided complete sound design, mixing, and mastering services

Emperor X (01/01/1998 – present)

Songwriter, Band Leader

- Sold thousands of vinyl/digital albums and over 1,000,000 streams to date
- Managed social media accounts with a combined reach of nearly 30,000 followers
- Toured profitably: hundreds of concerts in N. America, Europe, Australia, Israel, and Japan

Donau115 Jazzbar und Experimentelles (01/01/2015 – present)

Co-owner and Operations Director

- Oversaw booking and artist relations, ensuring artists were as well-paid as possible
- Managed PR including social media and email blast account with nearly 5,000 followers
- Helped secured grant funding of more than €40,000 over two years

Florida Department of Education/Freelance (01/01/2001 -- 01/01/2007)

Math and Science Educator

- Ran classes/lab exercises in advanced high school chemistry (students aged 15-18)
- Tutored in after-school program for other STEM subjects including physics and engineering
- Recipient of 2001 Golden Apple Teacher of the Year Award, Stanton College Prep. School

## QUALIFICATIONS

American University (01/09/1997 – 17/12/2000)

B.Sc., Physics/Acoustics/Civil Engineering

Earned a Bachelor of Science degree in physics focusing on acoustics, statistical mechanics, and civil engineering techniques alongside a minor in Spanish language; accrued tutoring and solo teaching experience as a volunteer student assistant in an English learning program for recent Guatemalan immigrants
